

RICHBAY

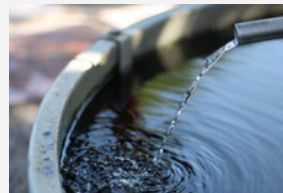

WATER TREATMENT SOLUTIONS

Comprehensive Water Treatment for Various Industries.

Our extensive range of water treatment products is designed to ensure optimal water quality and system efficiency across multiple sectors. From reverse osmosis to industrial wastewater treatment, we provide solutions tailored to meet your needs.

Reverse Osmosis (RO) Solutions

Tup-RO-HS – High Silica Antiscalant
Tup-RO-C – Low Silica Antiscalant
Tup-RO-MP – Multipurpose Antiscalant
Tup-RO-LP – Low pH Descalant Cleaner
Tup-RO-HP – High pH Descalant Cleaner
Tup-CC – Halide Absorbent for Free Chlorine Capture
Sodium Chloride – Softener Regeneration Agent
Water Conditioner – Acidity Regulation for Water

Boiler Treatment Solutions

Tup-S1 – Hard Silica-Based Scale Remover
Tup-Descaler – Periodic Descaling for Boilers & Heat Transfer Surfaces
Tup-OX1 – Boiler Oxygen Scavenger
Tup-AIO – Boiler Scale & Corrosion Inhibitor
Tup-SC – Sludge Conditioner for Boiler Blowdown
Tup-AB – Water Conditioner for pH Regulation
Tup-OX-Cor pH – Composite Chemical for Oxygen Scavenger, Corrosion Inhibition, & pH Control

Cooling Tower Treatment

Tup-CCT4 – Open System Corrosion Inhibitor
Tup-CL – Closed Loop Corrosion Inhibitor
Tup-NOB – Microbial Biocide for Algae Control
Tup-RO-C – Antiscalant for Cooling Towers
pH Adjustment Solutions – Maintain Optimal pH Balance

Drinking & Effluent Water Treatment

TUP-DIS-W1 – Drinking Water Disinfection
Tup-AB – Effluent pH Regulator
Tup-Cationic-E – Effluent Composite Cationic Coagulant for Physical Separation
Tup-Anionic – Flocculant for Dewatering and Desludging
Tup-OB – Hypochlorite-Based Multipurpose Biocide
Tup-PAC – Wastewater & Industrial Water Treatment

Industrial & Sewage Wastewater Treatment

Tup-12493 to Tup-12495 – Industrial Wastewater Treatment for Papermaking
Tup-12496 to Tup-12498 – Domestic & Industrial Sewage Treatment
Tup-141-830 to Tup-712-841 – Sewage Treatment Plants
Tup-713-851 to Tup-720-502 – Oilfield & Mining Wastewater Treatment
Tup-EDTMPA – Heavy Metal Chelator for Scale Prevention
Tup-SCIL – Silicone-Based Antifoam for Various Industrial Applications

Specialty Chemicals & Custom Solutions Tup-Antifm – Silicon-Based Antifoam Tup-EDTMPA – Chelating Agent for Heavy Metals Tup-SCIL – Industrial Silicone-Based Antifoam
With our broad portfolio of water treatment solutions, we ensure efficiency, longevity, and cost savings for various applications. Contact us to discuss tailored solutions for your specific needs.

SUSTAINABLE CHEMICAL SOLUTIONS
